

HK-LASERCUT

- The professional and innovative Laser
- Unproblematic and continuous working
- Highest operating convenience
- Latest available technology
- Lowest operation expenses
- Highest security standard

TECHNICAL DATA:

- Laser CO₂ max. 100 W
infinitely variable from 5 – 100 %
- Water cooling: complete self cooling circulation system
- Gaz: one shift operation: min. 5 years
max. 10 years
- Cutting length: max. 170 mm
- Cutting width: max. 170 mm
- Cutting speed: variable up to 80 pieces/min.
- Power range: 230 / 400 V 50 – 60 Hz 4.2 Kw
- Noise: < 65 dB
- Dimensions: 1900 x 900 x 1600 mm
- Weight: 490 kgs

Cutting for labels, emblems, badges etc.
with/without non-woven

Cutting for adhesive labels etc.

Pinking cutting
